

IN THE DRAWING:

Attached please find ten substitute sheets of drawing, namely sheets 1 through 10, of 10.

PLEASE NOTE that original Fig. 8 has been deleted, because it was a duplicate of Fig. 7. Therefore Figs. 9 through 15 have been renumbered as Figs. 8 through 14 respectively.

In addition, Fig. 1 has been redrawn as required in the Notice of Allowability. No new matter has been added.

IN THE SPECIFICATION:

Attached please find substitute text pages 20, 21, and 39 through 43, which have all been amended to harmonize the text with the changed figure numbers of Figs. 8 through 14 as explained above.

In addition the text revisions at page 20, lines 15 through 23, harmonize the text with the absence of an originally intended Fig. 11 that was actually never filed. That drawing was substantially identical with the upper half of actually filed original Fig. 12 — which is now Fig. 11.

The revised text therefore refers to the upper portion of original Fig. 12 (present Fig. 11), when describing and discussing what was in the absent intended Fig. 11; that material is discussed at lines 15 through 20 of revised page 20. Correspondingly the revised text at lines 20 through 23 refers to the lower portion of original Fig. 12 (present Fig. 11), when describing and discussing has been, all along, in the lower part of originally deposited Fig. 12.

Applicants apologize to Examiner Rogers for the necessity of making these corrections at this late stage. No new matter has been added.
